Summary

Innovative frontend developer with 2+ years of experience building scalable, responsive, and user-friendly web applications.

Strong background in React.js, Node.js, and Spring Boot, with a passion for performance optimization and modern UI design.

Proven track record of leading frontend initiatives, mentoring junior devs, and delivering business impact.

Professional Experience

Frontend Developer | Intelligent Assessment Co. Education Technologies (IACET), Noida | Aug 2024 - Present

- Redesigned company's main product site, increasing user engagement by 40%.
- Built a reusable frontend framework, improving mobile and tablet responsiveness.
- Developed a secure API Gateway for session management, reducing backend integration time by 4 weeks.
- Introduced asynchronous data handling to boost DB performance.
- Mentored 4 junior developers and led daily standups.

Frontend Developer | Great Learning, Noida | Jan 2023 - Jun 2024

- Developed interactive UI components using React.js, improving UX and accessibility.

- Reduced load time by 30% through lazy loading and performance tuning.
- Integrated dynamic dashboards with real-time data for learner analytics.
- Ensured full cross-browser compatibility with semantic HTML and modular CSS.

Cyber Security Engineer | Quick Heal, Delhi | Sep 2021 - Jan 2023

- Built & maintained security infrastructure for large-scale enterprise systems.
- Collaborated on cybersecurity framework for Indian Army & DRDO.
- Automated threat detection using in-house tools and external APIs.

Projects

E-commerce Platform

- Full-stack app with user authentication, product gallery, cart & checkout
- Stack: React.js, Node.js, MySQL, Express, Tailwind CSS
- Result: Improved UX led to 25% increase in conversion

Social Media Monitoring Dashboard

- Real-time dashboard tracking portfolio & social metrics
- Built with React.js + Chart.js + REST APIs

NASA Weather Tracker

- Used NASA APIs to visualize real-time wildfire & hurricane data
- Stack: React.js, Spring Boot, CSS Grid

Technical Skills

Frontend: React.js, HTML5, CSS3, JavaScript, Tailwind, Bootstrap

Backend: Node.js, Spring Boot, REST APIs

Database: MySQL

Tools: Git, Postman, JIRA, VS Code, OpenAPI, ChatGPT

Others: Canva, Copilot, Figma (basic)

Achievements
